Watching You from Afar

Andy Wade

WATCHING YOU FROM A FAR

I realise that Iv gone bad
A little sour bout what I wanted but couldn't have
And tho I wish I could take back the past
Nasty words and broken hearts don't last a life time
And that's my last line

CHORUS

WATCHING YOU FROM A FAR
COULDNT PUT ME WHERE YOU ARE
BUT IF I TRY A LITTLE HARDER
SUPPOSE IT WOULDNT HURT TO TRY

Broken glass leading to your door
Makes me wonder bout the lovers that came before
Look at my time piece say ten twenty and counting
Are you thinking of me some how I doubt it

CHORUS (SOLO) CHOURS X2
