

# Watching You from Afar

[Andy Wade](#)

## WATCHING YOU FROM A FAR

I realise that I've gone bad  
A little sour about what I wanted but couldn't have  
And though I wish I could take back the past  
Nasty words and broken hearts don't last a lifetime  
And that's my last line

## CHORUS

WATCHING YOU FROM A FAR  
COULDN'T PUT ME WHERE YOU ARE  
BUT IF I TRY A LITTLE HARDER  
SUPPOSE IT WOULDN'T HURT TO TRY

Broken glass leading to your door  
Makes me wonder about the lovers that came before  
Look at my time piece say ten twenty and counting  
Are you thinking of me somehow I doubt it

## CHORUS ( SOLO) CHORUS X2
