And Run

He Is We

Oh ah oh ah oh ah oh oh (x4)
I kinda wish I had the courage
A bit of bravery
So tired of waiting on a man
To come and save me
But you and I had everything
Well something really
Hard to admit it
But now I'm thinking freely
I'm going to open my mind
To all these
New found exciting possibilities
Oh ah oh ah oh ah oh oh
I'm making all my own plans
Oh ah oh ah oh ah oh oh
Throwing all my old ones away
Oh ah oh ah oh ah oh oh
I gotta grow up be someone
Draw a map
Find a path
Take a breath
And run
(And run)
Filling my head with words
To encourage me
Gotta get my act so straight
So I can truly believe
That what I'm waiting for
Is really worth the wait
Stop bringing myself down
I gotta know I'm way too great
I'm going to open my mind
To all these
New found exciting possibilities
Oh ah oh ah oh ah oh oh

I'm making all my own plans
Oh ah oh ah oh ah oh oh
Throwing all my old ones away

Oh ah oh ah oh ah oh oh
I gotta grow up, be someone
Draw a map
Find a path
Take a breath
And run
I'm trying to get past this
Be better than I once was
Tired of waiting on someone else
I am trying to get past this
Be better than I once was
Tired of waiting on someone else
I can fix it by myself
Oh ah oh ah oh ah oh oh
I'm finally taking a stand
Oh ah oh ah oh ah oh oh
I've learned from all my mistakes
Oh ah oh ah oh ah oh oh
I'm making all my own plans
Oh ah oh ah oh ah oh oh
Throwing all my old ones away
Oh ah oh ah oh ah oh oh
I gotta grow up, be someone
Draw a map
Find a path
Take a breath
And run
Oh ah oh ah oh ah oh oh
Run, run, run, run
Oh ah oh ah oh ah oh oh
Run, run, run, run
Oh ah oh ah oh ah oh oh
Oh ah oh ah oh ah oh oh
