

# Life In the Gladhouse

## Modern English

Life in the gladhouse is never dull  
Humdrum days still flying out the window  
It's wrought (wild) with overgrown people Broken engagements and twisted faith  
Growing up and then just growing older  
Oh me, oh my An easter parade for the innocent  
A fugitive's ? to pray for awhile  
Oh me, oh my  
Oh me, oh my My shadow weaves me ?  
But sometimes leaves love ? Oh me, oh my  
Oh me, oh my  
?  
?  
Oh me, oh my  
Oh me, oh my So let's all dance in time  
So let's all dance in time  
(life in the gladhouse is never dull)  
So let's all dance in time  
(life in the gladhouse is never dull)  
So let's all dance in time  
(life in the gladhouse is never dull)  
So let's all dance in time  
(life in the gladhouse is never dull)
