

Sho Out

Jodeci

1,2,3,4 clothes dropping to the floor
4,3,2,1 baby come and get me some I'll tell you everything you want, tell you everything you need
Tell you everything you want, tell you everything you need
Girl no matter what your size, you just need to learn to vibe
You just need to give it time, girl I know you'll be just fine
Girl then maybe later on, we can meet at candlelight
Girl then maybe later on, you can get a peace of mind
Girl then maybe later on, we can see ya private parts
You the reason who you are, you make yourself into a star[Chorus]
Come on, sho out, this time
Baby come on
Come on, sho out, this time
Baby come on
Come on, sho out, this time
Sho out
Come on, sho out, this time Girl with everything you are, girl you're everything I need
Girl with everything you are, girl I'm guaranteed to please
Tell me everything you want, girl I'm taking care of your needs
Girl I love the way you are, it's about you and me
Girl look at this thing I bought, girl I hope you like the wine
Girl lets jump in the box, red or black it's just as nice
Girl with everything you are, girl slip on this lingerie
I just want to be the one, who's seeing you forever[Chorus] And I want you to and I want you to
Strip baby strip baby strip baby strip
