Everything Is My Fault

Wavves

Everything is my fault
Everything is my fault
Everything is my fault
Everything is my fault
Thing is my fault
Thing is my fault
Thing is my faultI lunged at it all
Evil thought (?)
Then laughed it off
In the house where I grew up
Sentimental trash
This is all (?)Every little thing is my fault
Every little thing is my fault
Everything is my fault
Everything is my fault
Everything is my fault
Everything is my fault
Everything is my fault
