You or Me

The Frights

It's you or me that's made to see
All i do is wait for you
3 o'clock in the morning still haven't got a call from you
Tell me all your stories still in debate if they are true
Keep me up and I'm crying forming an ocean in my bed
Miserable as I'm trying to keep it cool get you outta my head
It's you or me that's made to see
All I do is wait for you
So close my eyes and try to stop
To go to bed get outta my head
I know everything I said was not the best to say
Living on your own world was a choice I know you have made
Slowly reamagining the times we ran away
Never asking questions only wishin that you would stay
