

# Make Me Feel Better

Alex Adair

(Oh darling)  
(Oh baby, oh darling, babe, babe)  
You make me feel better (eh eh, oh baby)  
You make me feel better (eh eh, oh baby)  
    You make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together (oh)  
You make me feel better (oh baby, oh darling)  
(Oh baby) You make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
So lets stay together (oh) (oh baby)  
    You make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together  
Oh, you make me feel better  
    So lets stay together (oh)  
(Ooh baby)  
You make me feel better

(Ooh baby)
