

# Don't Cry

## The Black Ghosts

Don't cry dear it ain't worth it  
The rain on your face says it all  
Don't cry dear it ain't worth it  
Together we'll fall Its true I won't believe its not  
I feel it from my nose to my toes  
I've got no time to figure out why  
Before I say I do  
Would you like to know what I am thinking? Don't cry dear it ain't worth it  
The rain on your face says it all  
Don't cry dear it ain't worth it  
Together we'll fall  
And I would like to read your time  
Highlight all the best bits  
And you could sleep relentlessly  
The power of the blind  
You see what others can't see  
At least that's what you tell me  
What other reason could there be  
For giving me your heart Don't cry dear it ain't worth it  
The rain on your face says it all  
Don't cry dear it ain't worth it  
Together we'll fall Don't cry dear it ain't worth it  
The rain on your face says it all  
Don't cry dear it ain't worth it  
Together we'll fall  
Together we'll fall  
Together we'll fall  
Until it comes again Until it comes again It used to be it was all I want, my only care  
Nothing else had a single part to play in my head  
But now times led my mind astray, something was changed along the way  
And no amount of tears can bring it back round til it comes again So maybe we should pretend we're who we  
want to be  
And forget who we really are and where we really be  
Cause I've no time to start again but I won't to a bitter end  
Can we keep it down til its back round til it comes  
Again Until it comes again, until it comes again One more time to take the test to make it real  
Or one more nail in this relationship make it  
Impossible to heal  
On the good ship hope we sail but the stars above say  
The wind will fail

Can we keep afloat until its back round until it comes again  
Until it comes again, until it comes again
