Maria

TKA

Maria, MariaShe was fine, the girl was from the projects
She had long brown hair and a body beyond compare
She had a boyfriend, a drug dealer
But I didn't mind, 'cause she wanted to be with me
So we have to set her freeAnd when I hear her name, I swear, I hear the wind blow
It drives me insane, I'll never let her go
And I start to laugh 'cause I'm so afraid of crying
And I'm dying to see her once moreMaria, the most beautiful song I ever heard
Maria, don't tell your boyfriend how I feel about you
'Cause I need you and I gotta make you mine
I've got to make you mineWouldn't it be cool, if we got together?
I'll show you that I love you then you'd understand
If he's a drug dealer, don't you know that he won't last forever?
And you need the affections of a normal manAnd when I see your name, I swear, I hear the wind blow
It drives me insane, I'll never let you go
And I start to laugh 'cause I'm so afraid of crying
And I'm dying to see you once moreMaria, the most beautiful song I ever heard
Maria, don't tell your boyfriend how I feel about you
'Cause I need you and I gotta make you mine
I've got to make you mineMaria, the most beautiful song I ever heard
Maria, don't tell your boyfriend how I feel about you
'Cause I need you and I gotta make you mine
I've got to make you mineMaria, the most beautiful song I ever heard
Maria, don't tell your boyfriend how I feel about you
'Cause I need you and I gotta make you mine
I've got to make you mineWouldn't it be cool, if we got together?

If he's a drug dealer, don't you know that he won't last forever?
And you need the affections of a normal manAnd when I see your name, I swear, I hear the wind blow

'Cause I need you and I gotta make you mine
I've got to make you mineMaria, the most beautiful song I ever heard

'Cause I need you and I gotta make you mine
I've got to make you mineMine, m-m-mine, m-m-mine, m-m-mine
Got to make you mine, m-m-mine
