Man Smart

M People

Woman, woman, so smart
Woman, woman, so smart
Woman, woman, so smart
Woman, woman, so smartThings are never what they seems
You go through life dreaming to drive you on
Love and tears, laughter, fears, all those years
To find out what's right or wrongSo dear boy don't tell me lies
'Cos to those tricks you know I'm so wise
If you cannot treat me right
Leave me now to lead my own lifeMan smart, but woman smarter baby
So don't mess this girl around
Man smart, but woman, woman smarter baby
So don't mess this girl around, don't you mess me around, mmmSeasons pass and times they change
And you could be a phase that I'm going through
All our thoughts and all our deeds,
You must share to prove that your love is trueCome on show me face to face
Or watch your love sink without trace
Can you change my life for me?
Show me boy or you are historyMan smart, but woman smarter baby
So don't mess this girl around
Man smart, but woman, woman smarter baby
So don't mess this girl around, don't you mess me around, mmmWoman, woman, so smart
Woman, woman, so smart
Woman, woman, so smart
Woman, woman, so smartMan smart, but woman smarter baby
So don't mess this girl around
Man smart, but woman, woman smarter baby
So don't mess this girl around, don't you mess me around, mmmWoman, woman, so smart
Woman, woman, so smart
Woman, woman, so smart
Woman, woman, so smart
