

Ten Thousand Miles Away

[Peyman Salimi](#)

think of you everyday ten thousand miles away
The rain or shine got no meaning here my skies are gray
I donâ€™t have much to say in this cold cold winter day
Alone and forsaken in this frozen town where nobody prays

Ten thousand miles away oh lord
Donâ€™t let me fade away

Iâ€™d do my best to know my way around
And get it over with
Once in a blue moon my mind goes blank
But now Iâ€™m used to it

Iâ€™m an outsider here, but everything seems okay
Although these faces donâ€™t mean a word to me
they ainâ€™t cruel anyway
My simple chords sway and Iâ€™ll walk it down anyway
The road that leads me to the bay and Iâ€™ll feel great

Ten thousand miles away oh dear
You wonâ€™t let me fade away
Iâ€™d do my best to know my way around
And get it over with
Once in a blue moon my mind goes blank
But now Iâ€™m used to it

Ten thousand miles awayâ€¦
