

Glasses to the Sky

Irish Moutarde

Earning a living, paying the bills
Is hard work but well you sure know how it feels
But playing on stage with my brand new guitar
My complaints don't go very far What is the truth and what is a lie?
Should I shake the hand reaching down from on high?
I can only go where my heart tells me to
And that is the best I can do They may take our jobs away
Lead us all astray
Doesn't matter anyway
We'll get stronger everyday
Raise your glasses to the sky
Raise 'em proud and high
It's a song for you and I
Let us kiss our woes goodbye
Driving your car can irk you a great deal
If somebody else is holding the steering wheel
Even though this can be a shit of a ride
It's nice to have friends by your side They may take our jobs away
Lead us all astray
Doesn't matter anyway
We'll get stronger everyday
Raise your glasses to the sky
Raise 'em proud and high
It's a song for you and I
Let us kiss our woes goodbye Johnny and Maggie and Sean!
Clench your fist and carry on Raise your glasses to the sky
It's a song for you and I
Raise your glasses to the sky
It's a song for you and I
They may take our jobs away
Lead us all astray
Doesn't matter anyway
We'll get stronger everyday
Raise your glasses to the sky
Raise 'em proud and high
It's a song for you and I
Let us kiss our woes goodbye They may take our jobs away
Lead us all astray
Doesn't matter anyway

We'll get stronger everyday
Raise your glasses to the sky
Raise 'em proud and high
It's a song for you and I
Let us kiss our woes goodbyeThey may take our jobs away
Lead us all astray
Doesn't matter anyway
We'll get stronger everyday
Raise your glasses to the sky
Raise 'em proud and high
It's a song for you and I
Let us kiss our woes goodbye
