

# Until I Fall In Love Again

Marie Osmond

Look at me like a crazy fool  
Comin' here callin' on you like this  
Just like we never said goodbye  
I know it's late but your memories  
Keeps comin' round  
And just wont let me sleep  
Just one thing  
I'm askin of you  
Just one thing that I need

Chorus:

Until I fall in love again  
If you hold me in your arms  
'Coz the nights can be so long  
Spending them alone  
I need you to hold me  
When I cry  
If you hold these lonely times  
'Coz every now and then  
Until I fall in love again

Don't get me wrong, try to understand  
'Coz times like this I just need a friend  
That's what you've always been to me  
Though our love is come and go  
Would you mind if I live on you till I'm strong  
Here I am with my heart in my hand  
Beggin' you to help me hold on....

(Repeat Chorus)

Every now and then  
Until I fall in love again.....
