

# Fountain of Life

## Artemis

i ascend from the moon  
i ascend from the night  
to swim the endless fluid freedom  
to find my delight

wide as the ocean  
where it kisses the sky  
love's pure water

fountain of life

under the waves  
and dreaming  
every molecule of me  
rearranging

it's a chemical reaction  
i can't hide  
my resistance is low  
volatility on the rise

like a fountain of life
