

# Ugly

## Hadouken!

Its getting ugly

Ugly

You'll take it on the chin  
You'll take it on the chin  
You'll take it on the chin  
You'll take it on the chin  
Ooohh

I'm gonna fuck your face up  
Break bones with this bass line  
Break your nose with a faceplant  
Don't care what I say ya

Fuck this place up  
Land em low with a rizzlers roll  
This stuffs gonna make you taste blood

Into the sonical warfare  
Into the oral vortex  
Gauge out balls with this flow  
Out to the scum who called it  
You might be on my case but  
I can't take you straight  
Tell that to my face boy  
I'm gonna fuck your face up

Its ugly like your sister  
As ugly as your sister  
Its ugly like your sister  
As ugly as your sister

You'll take it on the chin  
You'll take it on the chin  
You'll take it on the chin  
You'll take it on the chin

Its getting ugly

Its ugly like your sister  
Its ugly as your sister  
Its ugly like your sister  
Its ugly as your sister

You'll take it on the chin

You'll take it on the chin

You'll take it on the chin

Its getting ugly
