

# 11th Street Kids

## Hanoi Rocks

Accidents happens about everyday  
But that day special followed by a heat wave  
Rush hour just began I ran for my life  
I can't afford to miss the bus  
Or I'll go and miss all the fuss  
'cause this time it's a must  
I'm gonna meet the boys and Suzy  
I just can't miss her tonight  
Tonight I'm so hot - Gee! I'm so hot Well, is she tight  
Is she in need of a lover like me?  
Oh, there she is now!  
I gotta go - and give her a great big kiss  
And now that I'm in her I don't want to lose her  
These moments are takin' me to heaven  
But they don't seem to take her anywhere at all  
I wonder what is wrong  
Please, tell me what is wrong! Remember all them nites we wrote on the walls that "Punks never die!"  
Hot love in the nights, the days we spent underground Accidents happens about everyday  
But that day special 'cause Peter was taken a way and Suzy  
She moved to another town  
So here I'm all alone in the summer heat  
Looking at this empty street  
All here's left is writings on the walls  
I wonder were all the 11th street kidz are today  
Where have they all gone?
