

# Crystal Night (Live at Masters of Rock)

## Masterplan

Why, why do we turn away  
When they shout that hymn?  
Marching so brave, their hearts beat on boldly right  
Their souls belong to those of the weak  
Walking so blinded  
Surrounded by brown coated lies  
Hear propaganda that says  
Bleed for the master race  
We're not under the same nation  
The past has gone, don't fear the new  
It's your only chance, your only salvation, yeah  
Why should we be blond and blue eyed?  
Chanting a heil, living a lie  
Evil surrounds us, we lost our way  
Darkness will lead us through fire and Hell  
We're not waving the same flag  
Or going down the same road  
So use your brains, just for one time  
You can't rule mankind  
We're not under the same nation  
The past has gone, don't fear the new  
It's your only chance, your only salvation  
No, no, we don't want it, never more  
We won't take it like before  
Crystal night never more  
We're not under the same nation  
The past has gone, don't fear the new  
It's your only chance, your only salvation  
We're not under the same nation  
The past has gone, don't fear the new  
It's your only chance, your only salvation  
No, no, we don't want it, never more  
We won't take it like before  
Crystal night never more  
Never more like before  
No, never more
