Creature Feature

Satan's Pilgrims

I wanna do what's right
Be kind to every single body
Yeah, yeah, open up to light
Just let it flow through my body, yeah, yeah
Sometimes I'm unsure, I tell my baby
Sometimes I'm unsure, I tell my baby
I'm slippin' into darkness
I'm creepin' into darkness
I don't want to start this
I'm attracted to the darkness
Be positive with love
Just see the good in everybody
Yeah yeah
Sometimes I'm unsure, I tell my baby
Sometimes I'm unsure, I tell my baby
There's something going on here in my heart
I feel it, weigh me down
So I reach up for, the wide blue sky
Try to pull it into the deep arc of my arms
I'm slippin' into darkness
I'm creepin' into darkness
I don't want to start this
I'm attracted to the darkness
