

# Rage the Night Away (feat. Waka Flocka Flame)

Steve Aoki

We alive right now  
Let's get high right now! We don't give a damn about money  
We alive right now  
All we do is party and get high right now  
You shot, shot, I'm a take another shot  
Get a check when I party, so the money don't stop  
Girl, you want me, just watch, you gonna love it on top  
(Tap, tap!) Man I did homie, like pow!  
I'm a need y'all to turn the fuck up, now!  
I'm a need y'all to roll a blunt up, now!  
I'm a need y'all to fill yo' cup up, now!  
I'm a need y'all to wild out, get down!  
Do it again, lost my mind, I'm a lose it again  
Girl so fine, need you and a friend  
Got a camera and a light, let the movement begin  
Like action Rage, rage the night away  
Forget about the money I spent today  
Rage, rage the night away  
Forget about the money I spent today  
Rage, rage the night away  
Forget about the money I spent today  
Hope you save everything 'til you in the grave  
Ball 'til you fall, throw it all away Rage, rage the night away  
Forget about the money I spent today  
Rage, rage the night away  
Forget about the money I spent today  
Rage, rage the night away  
Forget about the money I spent today  
Hope you save everything 'til you in the grave  
Ball 'til you fall, throw it all away (Brick Squad) Make yo' money stack Shake, shake  
Shot, shot  
Go crazy, go crazy  
Done, done Hangin' like apostrophes you can quote me  
Then throw the cake in yo face like Steve Aoki  
We go hard in the paint 'cause she need to know me  
Her body insane, man, she provoke me, like pow!  
I'm a need y'all to turn the fuck up, now!  
I'm a need y'all to roll a blunt up, now!  
I'm a need y'all to fill yo' cups up, now!

Now I'm a need y'all to wild out, get down (you know!)  
Keep it on the low, you a jump on girl, no geronimo  
At my condo you know how it go  
On the bed, on the couch and on the floor  
On the floor, on the floor, on the floor, get on the floor  
Don't step nigga back, that's all I know  
Don't step nigga back, throwin' all my dough  
(Squat!)Brick Squad  
Rage, rage the night away  
Forget about the money I spent today  
Rage, rage the night away  
Forget about the money I spent today  
Rage, rage the night away  
Forget about the money I spent today  
Hope you save everything 'til you in the grave  
Ball 'til you fall, throw it all awayRage, rage away  
I've come too far to lose my way  
Rage, rage away  
I wanna feel stronger  
Forget each day (Squad!)Bam, bam, bam, bam
