Ready For Your Love

MNEK

I'm ready for the start of something new
I'm ready to depart from what make me blue
I'm ready for my heart to let you through
But most of all' most of allI'm ready for the rain to pour down on me
I'm ready for a change to come and set me free
I'm ready for my loss to become victory
But most of all' most of allI'm ready for your love, I'm ready for your love, I'm ready for your love
I'm ready for your love, I'm ready for your love, I'm ready for your loveI'm ready for my hands to touch the sky
I wanna understand how it feels to fly
I'm ready for my eyes to see the light
But most of all' most of allI'm ready to be strong, I pump my fist
I'm ready to be wrong so I can be right there
I'm ready to belong and shook my cares
But most of all' most of allI'm ready for your love, I'm ready for your love, I'm ready for your love
I'm ready for your love, I'm ready for your love, I'm ready for your loveI'm ready for your love, I'm ready for your love, I'm ready for your love
I'm ready for your love, I'm ready for your love, I'm ready for your loveStars burn bright
Everything is changed between you and I
I was so apprehensive but I don't know why
Baby I'm ready for you to be by my side, by my sideStars burn bright
Everything is changed between you and I
I was so apprehensive but I don't know why
Baby I'm ready for you to be by my side, by my sideI'm ready for your love, I'm ready for your love, I'm ready for your love
I'm ready for your love, I'm ready for your love, I'm ready for your loveI'm ready for your love, I'm ready for your love, I'm ready for your love
I'm ready for your love, I'm ready for your love, I'm ready for your love
