

Didsbury Girl

Jimi Goodwin

Hey didsbury girl
Do what you want
but dont let them know
youre walking alone
this fear has a name so dont let it show
your walking alone
fear has a name
crown you with mud
crown you with thorns
watch out running now
time to tear them
posters down
hey didsbury girl
well hey didsbury girl
well
im waiting for the time
when time comes too close
youre the only girl i see
ur the only girl i squeeze
this fear has a name
crown you
