

# Shivers

## Jaki Graham

Shivers  
Fingers scratching blackboards  
    Make cowards of the brave  
        A natural reaction  
From the cradle to the grave  
    Rats and bats and spiders  
    And little things that crawl  
        Never make me tremble  
        I'm bothered not at all  
        Then I saw you  
Something new inside of me  
    What's this shakin'  
    You made me shiver  
    Cemetery midnights  
    Walking on the dead  
    Never seemed to matter  
    It's all inside your head  
    Names are only letters  
    Mentioned on a stone  
And If you're going somewhere  
    You're going it alone

    Then I saw you  
Something new inside of me  
    What's this shakin'  
    You made me shiver  
    Magic charms and voodoo  
    And all those other spells  
    Didn't make impressions  
        I never slept so well  
        If I had a nightmare  
I'm sure that I would know  
    I really don't remember  
    But I'm sure it isn't so  
        Then I saw you  
Something new inside of me  
    What's this shakin'  
    You made me shiver  
Turn out the lights it won't matter

A bucket of blood and I'm fine  
A black cat's only a color  
But you can do it every time
