

# 5 6 3 (Joe)

## Joe

Y'all ready  
Uh, uh, uh, uh  
Yeah, yeah, yeah  
Hm, oh yeah, oh yeah, yeah, yeah  
Hm, hmSmoking with the homies  
That's all he do  
Always hanging out  
Losing money playing see low  
Every night out at the Go-Go  
He don't sleep around  
But it's in his plan  
He gotta be the man  
Never show you no respect  
He mess with all your friendsI can love you endlessly  
I swear it's real, it's privacy  
Here's my private code to get to meYour man needs to be like me  
Sexin' you instead of watching TV  
The trips around the world  
The diamonds and the pearls  
He needs to be more like a 563  
Your man needs to do it like Joe  
Exotic cruises to Mexico  
The five star suite  
The sex out on the beach  
When you're with me it's J-O-E 563Has a man ever sex you down on a cashmere rug?  
I'm a supa dupa thug  
So exotic so erotic  
Velvet back rubs in the bathtub  
Let's make love underneath a waterfall  
Your trust I will fill the sky  
I wanna come each time you callI can love you endlessly  
I swear it's real, it's privacy  
Here's my private code to get to meYour man needs to be like me  
Sexin' you instead of watching TV  
The trips around the world  
The diamonds and the pearls  
He needs to be more like a 563  
Your man needs to do it like Joe  
Exotic cruises to Mexico

The five star suite  
The sex out on the beach  
When you're with me it's J-O-E 563 Break it down, break it down  
Break it down, break it down  
Uh, uh y'all like that, uh  
Te quiero, te quiero  
Te quiero, te quiero  
Te quiero, te quiero Your man needs to be like me  
Sexin' you instead of watching TV  
The trips around the world  
The diamonds and the pearls  
He needs to be more like a 563  
Your man needs to do it like Joe  
Exotic cruises to Mexico  
The five star suite  
The sex out on the beach  
When you're with me it's J-O-E 563 Your man needs to be like me  
Sexin' you instead of watching TV  
The trips around the world  
The diamonds and the pearls  
He needs to be more like a 563  
Your man needs to do it like Joe  
Exotic cruises to Mexico  
The five star suite  
The sex out on the beach  
When you're with me it's J-O-E 563 Your man needs to be like me  
Instead of watching TV, oh  
Your man needs to do it like Joe  
Oh, oh  
Yeah
