

Animal Style

KAPTN

This girl like an archeologist brushing up on my bone
She givin me that monkey brain
I'm Indiana Jones
And I could be your gynecologist, scientist and the pope
Girl we just ain't civilized we can fuck however we want Stone Age, let's get stoned
Bam bam until I break my bone
You could be Wilma I could be Fred
Or rub all on my Barney like Betty instead
No we ain't showering well
We're going au natulale
That means I got a powerful smell
That's how she knows I am the alpha male She show a naked ass just like a monkey
I know just what to do because were both animals
And we can turn this bed into jumanji
Lemme teach you all about evolution (Chorus) Oooooooooooooooooo Oogah Chaka
Oogah Chaka
Aayyyyyoooh
In and out
In and out
Ooo animal style Oogah Chaka
Oogah Chaka
Aayyyyyoooh
In and out
In and out
That's animal style Bathing with my apeses
Feel the wrath of my grapses
This some primal rage shit
Can't keep me locked in no cages
Pause no homos erecting
The pussy is my natural selection
Oh my oh me she's so BC she wants AD with no protection
Don't have sex with a jaguar or you might catch you a battle scar
When I find the queen of the amazon
Im gonna give her that big long anacon-
Duh!
Dick like a dinosaur
But I got a little more fur
When I hit that shit from the back
A Big Bang will occur She show a naked ass just like a monkey

I know just what to do because were both animals
And we can turn this bed into jumanji
Lemme teach you all about evolution(Chorus)
