You Still Believe No Matter  
What You Say, No MatterWhat You See - Dark Eyes  
What You See - Midnight Chimes  
What You See - Shadows Grim  
What You See Can Never BeLook Into My Mirror  
Are You The Only One  
Look Into My Mirror  
Are You The OneThough The Years Have Passed  
And Chances Have Slipped Away  
Fill The Night With The Stench Of Evil  
Though The Years Have Passed  
And Chances Have Slipped Away  
Fill The Night With The Stench Of Evil
