Widescreen

Hue And Cry

Lately I've been slippin' down
Thinkin' I'm the only one
Driftin' in an' out of blue
But destiny's a state of mind
And today I'm doin' fine
Rollin' through the afternoon with you
And it's a widescreen world around me
And I'm lyin' on the backseat of my mind`
And it's a widescreen, you beside me
We're just ridin' on the backseat feelin' fine
I would be your misfit queen
Take you where the grass is green
Pass the littered sidewalk to the sun
I hear the traffic move outside
Ya, but if I close my eyes
I can make it sound like waves rollin'
And it's a widescreen world around me
And I'm lyin' on the backseat of my mind
And it's a widescreen, you beside me
We're just ridin' on the backseat feelin' fine
And if we lie still, can you feel the room?
Feel the city, can you feel it move?
Tell your body, your body from mine
Can you la la la la lie?
And if we lie still, can you feel the room?
Feel the city, can you feel it move?
Can you tell your body, your body from mine?
I'm on the backseat of my mind
I'm on the backseat of my mind
I'm on the backseat of my mind
And it's a widescreen world around me
And I'm lyin' on the backseat of my mind
And it's a widescreen, got you beside me
We're just ridin' on the backseat feelin' fine
And it's a widescreen all around me
And I'm lyin' on the backseat of my mind
And it's a widescreen, you beside me
We're just ridin' on the backseat feelin' fine
I'm on the backseat of my mind

I'm on the backseat of my mind
I'm on the backseat of my mind
