

Everybody Awake

Rock 'n' Roll Worship Circus

I can't wait to see with my eyes
Jesus crackin' the skies
Reveals the Father of creation
A Groom comin' for His bride
Oh, what a beautiful thing
When us and the angels sing
Glory honor and power
To our risen King
Everybody awake
Everybody awake
Our King has come
To take His bride away
Everybody awake
Everybody awake
Our King has come
To take His bride away
Everybody awake
