

# Say Goodbye

## Olin & The Moon

You tell me yes  
Now youâ€™re saying no  
You want me to stay  
Now you want me to go  
You grab my arm and push me away  
You say hurry up but now youâ€™re saying wait

So what am I supposed to do  
Are you just too good to be true  
Are you ever gonna make up your mind  
Or is this where we say goodbye

I make you laugh  
And you begin to cry  
You say this is all wrong and then you say its right  
Kiss me all night long  
Then you kill me in the eye  
And you canâ€™t be with me and then you say goodbye

So what am I supposed to do  
Are you just too good to be true  
Are you ever gonna make up your mind  
Or is this where we say goodbye

Now Iâ€™m all confused  
Can I be with you  
Or is this where we part ways  
Save my heart for another day  
And just wait

So tell me what Iâ€™m supposed to do  
Are you just too good to be true  
Are you ever gonna make up your mind  
Or is this where we say goodbye  
Yeah, is this where we say goodbye  
Oh no  
Oh please donâ€™t say goodbye
