# Newness

## Orchard Thief

Look at you, more beautiful than ever
Did I stay away too long
Have we grown apart
Are we still cool?
Crazy ideas I've been thinkin' every minute
'Cause I miss you, yeah
Now you look more beautiful
Than the day I first met you
Yes, true love keeps growing up
But it always feels younger
I see your face and everything's new again
Love till the end starts over again
Just like the first time, over and over
Feels like the first time every time
I hold you
I go back to the beginning
Remember when we traded our first kisses
Over and over, over and over
Over and over
I see your face and the vibe is sexy
Come take a picture with Paparazzi
And I'll be feelin' on your hips all over again and again
And if you ask I'ma take it to the kitchen on the sink and strip
Keep ya feelin' like you lovin' the relationship
And I think I'ma love you till the end
Starts up again
We've been best friends
But then that's how it's always been
Like a classic Chardonnay
You're so sweet and so smooth girl
So I appreciate you, babe
'Cause when we get together
It gets better and better

I see your face and everything's new again
Love till the end starts over again
Just like the first time
Feels like the first time every time
I hold you

I go back to the beginning
Remember when we traded our first kisses
Fell in love with you
The feelin' hasn't changed
The newness stays the same
Just like the first time
Over and over and over again
Over, over, over, over and over again
From the moment I fell in love with you
You stirred up feelings like I never knew
How could it be my dreams have all come true?
Are still fresh every time, never lose the new
I see your face and everything's new again
Love till the end starts over again
Just like the first time, over and over
Feels like the first time every time
Every time I see your face
It's like the first time, every time, ooh
I see your face and everything's new again
Love till the end starts over again
Just like the first time
Feels like the first time every time
I go back to the beginning
Remember when we traded our first kisses
Over and over
Over and over
Over and over
