

# Those Girls

[Karen Harding](#)

(Why don't you know)I can see, I can see you falling(Why don't you know)I can see, I can see you  
fallingThey're just gonna lead to one  
why don't you know it  
why don't you know it(why don't you know)  
I can see, I can see you falling  
They're just gonna lead to one  
why don't you know it  
why don't you know it(why don't you know)  
I can see, I can see you falling  
Tell me what it is about those girl you see  
What is about those girlsYou're so naive boy  
She give you what you want  
But I can give you what you needI can see you falling
