123 (Original Radio Edit)

Craig Smart

You're beautiful, more beautiful than the first day we met
It's magical, and I love you more each day with every breath
When I look at you, I can see forever in your eyes
When I fell for you, you caught me like I was a falling star
And you know it's true, I wanna be with you no matter where you are
I already knew that we were always meant to beOh, loving you is just like the air that I breathe
It comes to me so naturally; it's easier than 123Incredible, you're a super women in so many ways
Powerful, you're a vision of a what perfect is to me
And you do it all with a smile upon your face, yeah
And I promise you, I'll never ever make you cry
We'll tell the truth, we'll never ever speak one lie
I wanna love you; until the end of time, yeahLoving you is just like the air that I breathe
It comes to me so naturally; it's easier than 123
Loving you, is just like a sweet melody
it comes to me so naturally; it's easier than 123Loving you so easy, it comes naturally to me
I don't even have to try; it flows effortlessly
I knew it when I saw you that we were meant to be, baby
You're everything to meLoving you, is just like a sweet melody
It comes to me so naturally; it's easier than 123Loving you is just like the air that I breathe
It comes to me so naturally; it's easier than 123
Loving you, is just like a sweet melody
And it comes to me so naturally; it's easier than 123
