Better Luck Next Time

Kopecky

She's looking for the good life
Keeping secrets all night
Until the sun comes up
She's gonna tear it down
Stealing drinks cause she's got none
She does it in the secret night
And her heart's so cold
She keeps it locked up tight
She keeps on pushing, pushing us out
She keeps no pushing us out
She says, better luck next time
I hear, better luck next time
Why wait when love will never feel right?
I have better luck next time
She's a riot in the city streets
She's dancing to her own beat
No, she won't give up
And no, she won't back down now
She's a fire burning though this town
Start to feel the heat now
She's too hot to touch
You can't take her, no, no
She keeps on pushing, pushing us out
She keeps on pushing us out
She says, better luck next time
I hear, better luck next time
Why wait when lovee will never feel right?
I have better luck next time
I can't wait here forever and ever
No, I won't wait for you forever and ever
Next time
Next time
Next time
She says, better luck next time
I hear, better luck next time
Why wait when love will never feel right?
I have better luck next time
