

Midnight Explosion

Penny McLean

Take me, take me, hold me tighter
Kiss me, make me feel much righter
If you got sweet love, then let it flow (oh-oh-oh, oh-oh-oh)
Tell me, tell me it's forever
Let us spend this night together
Let me show you that I love you so (oh-oh-oh, oh-oh-oh)I just can't hold it back
Here it comes
Here it comes
Here it comes, yeahMy midnight explosion
Showers of emotion
My midnight explosion
I think I'm gonna fly
Maybe I'm a kinda crazy
It's my time to understand
When you touch me, I feel hazy
Here it is again
My midnight explosion
Showers of emotion
Baby, I'm high flying up to the skySqueeze me, please me, hold me stronger
So please kiss me so much longer
Till the music's up, the lights are low (oh-oh-oh, oh-oh-oh)
Put an end to all this yearning
Let me see your lovelight burning
And I'll show you that I love you so (oh-oh-oh, oh-oh-oh)I just can't hold it back
Here it comes
Here it comes
Here it comes, yeahMy midnight explosion
Showers of emotion
My midnight explosion
I think I'm gonna fly
Maybe I'm a kinda crazy
It's my time to understand
When you touch me, I feel hazy
Here it is again
My midnight explosion
Showers of emotion
Baby, I'm high flying up to the sky(Don't, don't hold it back)
Here it comes
Here it comes

Here it comes, yeahMy midnight explosion
 Showers of emotion
 My midnight explosion
 I think I'm gonna fly
 Maybe I'm a kinda crazy
 It's now time to understand
 When you touch me, I feel hazy
 Here it is again
 My midnight explosion
 Showers of emotion
Baby, I'm high flying up to the sky(Don't, don't hold it back)
 Here it comes
 Here it comes
Here it comes, yeahMy midnight explosion
 Showers of emotion
 My midnight explosion
 I think I'm gonna fly
