

My Beloved Monster

Eels

My beloved monster and me
We go everywhere together
Wearing a raincoat that has four sleeves
Gets us through all kinds of weather
She will always be the only thing
That comes between me and the awful sting
That comes from living in a world that's so damn mean
My beloved monster is tough
If she wants she will disrobe you
But if you lay her down for a kiss
Her little heart it could explode
She will always be the only thing
That comes between me and the awful sting
That comes from living in a world that's so damn mean
