

Cheddar's Theme

Keegan Smith

Pain in these eyes..
Is there a little something that you can give?
Dont be surprised.
To see me, on this corner again.
Do what I do,
On my knees; begginâ€™ for some love.
Between me and you:
I need some money, so I can get fucked up.
You know its kinda funny..
You look at me, you say my lifeâ€™s a joke.
But walkinâ€™ in my shoes.
I wonder if you could even go.
I may be a bum, someone in need.
But Iâ€™ll be your friend if you smile at me.
But when you turn, and walk on through.
I turn my attention back in (my room?)
Livin life is my mistake,
I dont wanna live,
But im afraid.
A disgrace to those i meet.
So i drink and walk these streets..
Id show you a good time, if you come with me.
You can have my bribe(bridge?) for my taste to bleed.
And when im (there?) im so high,
Not long now, before I die..
Before I die.. x3
Livin life is my mistake.
I want to die, but im afraid.
To make a change, is beyond me.
So i drink, and walk these streets..
I walk these streets.. x3
(Break it down, take it down, take it down, down with me) x3
