

Visions of a Blind Order

Rotting Christ

Rise up the strength on them In the name of a fruitful land
In the name of a bright path
Trodden with ignorant steps
Warble out in my cradle' s edge Rex grandis - adustrum - malum - ab erevum
Ac adcervio - malum - ab optimus In the name of a future calm
In the name of a pure light
Marching with a bright shade
Conquering the entire range Rex grandis - adustrum - malum - ab erevum
Ac adcervio - malum - ab optimus He who graces himself a joy
Fell the grief he may destroy
An unending glorious lie
Harm the power and defile
