Wild Blue Milk

Slow Club

Theyre pumping oxygen through the walls
The casino stays open all night
The fireworks factory is on fire
Were used to following the lightAnd so I might elope to a painting and cope
With the things at the foot of my bed
So roll out the arsenicked wallpaper
Because Ill worship you when youre wild blue milk
Wild blue milk
Wild blue milk
Wild blue milk, come take me homeI want a neighbor
So we all take a shower
Oil got slick and we all lost our power
Im not sure if we had it anyway
But they let us think that were all free
To keep us all at baySo brand new locket stay around for long
Ideas are never grey when youve got the time to get them wrong
So dont sit around and think that someone will do it all for you
Wild blue milk
Wild blue milk
Wild blue milk, come take me home
