

Everyday

D-Side

You know there's nothing that means more to me,
You are perfection in my eyes,
You know I think about you constantly,
You take the question out of why.
No one could ever make me feel better,
You make all my dreams come trueChorusEveryday I wake,
I wanna see your face,
Like the sun you light my world in every way.
Couldn't wish for more,
Cos I got it all,
And I hope that it will always be this way everyday.If I had to start my life again - (ohhh oohhh oohhh)
You know I wouldn't change a thing,
No matter where I go or what I do - (ohhh oohh oohh)
You'll always be a part of me.
No one could ever make me feel better,
You make all my dreams come trueChorusEveryday I wake,
I wanna see your face,
Like the sun you light my world in every way.
Couldn't wish for more,
Cos I got it all,
And I hope that it will always be this way everyday.Everyday I wake,
I wanna see your face,
Like the sun you light my world in every way.
Couldn't wish for more,
Cos I got it all,
And I hope that it will always be this way everyday.Everyday...You know there's nothing that means more to
me,
You are perfection in my eyes,
You know I think about you constantly,
You take the question out of why.No one could ever make me feel better,
You make all my dreams come trueChorusEveryday I wake,
I wanna see your face,
Like the sun you light my world in every way.
Couldn't wish for more,
Cos I got it all,
And I hope that it will always be this way everyday.If I had to start my life again - (ohhh oohhh oohhh)
You know I wouldn't change a thing,
No matter where I go or what I do - (ohhh oohh oohh)
You'll always be a part of me.No one could ever make me feel better,

You make all my dreams come true
Chorus
Everyday I wake,
I wanna see your face,
Like the sun you light my world in every way.
Couldn't wish for more,
Cos I got it all,
And I hope that it will always be this way everyday.
Everyday I wake,
I wanna see your face,
Like the sun you light my world in every way.
Couldn't wish for more,
Cos I got it all,
And I hope that it will always be this way everyday.
Everyday...
