

# Gimme More

## Kiss

Alright, live wire, on the loose  
White fire, gotta move  
Hot blood, need your love  
Hard as rock, can't get enough  
Wanna feel you deep inside  
Pumpin' through my veins, fill you to the core  
Let me take you thru the night  
Heaven knows no pain, open up the door  
Gimme more, ooh, gimme more  
Baby, gimme more, ooh  
Like a dog to a bone  
Make you sweat, make you moan  
Love is sweet, so insane  
Come on lick my candy cane  
Passion in the third degree, burning in my brain  
Slave to love's desire  
Livin', lovin', feel the heat, never to be tamed  
Born to play with fire  
Gimme more, ooh, gimme more  
Baby, gimme more, ooh, yeah, yeah  
Oh yeah, oh yeah, ah, listen  
Touch my body, take it slow  
C'mon make my juices flow  
Feelin' good, any price  
Ooh, nothin' I won't sacrifice  
Got a thirst for playin' rough  
I can't get my fill, never keepin' score  
C'mon baby, let me in  
Gonna break your will, open up the door  
Gimme more, ooh, gimme more  
Baby, gimme more, ooh, I want you
