John Mark McMillan

(Bet I can make you move)
What up, world? It's ya boy Unk checkin' in, second season part two
(Bet I can make you move)
DJ Montay on the beat, this is what I need cha'll to do right now
(Bet I can make you move)
If ya sittin' down, I need ya to get up
(Bet I can make you move)
If you standing on the wall, I need y'all to report to the dance floor
Top quality productions, baby
(Bet I can make you move)
Get out ya chair, get on the flo', what the hell y'all came here for?
(Bet I can make you move)
Get'cha ass up off the wall, to the party, we goin have a ball
(Bet I can make you move)
You ain't too pretty girl
(Move)
We know you hard nigga
(Move)
I see you jiggy with it
(Move)
We doin' some other shit
(Bet I can make you move)
A lot of rappers out here ain't no good
They don't stay down with the hood
Mad at me 'cause they done do it
Try it man, I wish you would
Let's get one thang understood
One mo chance be leaking out fluid
I don't wanna have to put you through it
Let it go dawg, it's all good
I work, I struggle
I grindin', I hustle
You soft like snuggle
Big Oomp got muscle
I'm pumped, I walk it out
I'm the one these other niggas talk about
One hit wonder? Nigga, please
Straight to the crown to the poss of that cheese
Now ya ho try'na holla at me

So much ice every summer I freeze
Let's ball, this for y'all
Down south, we be the underdog
A real rapper can make ya dance
Do that shit, now here's your chance
Move, you scared, you scared, you scared
(Bet I can make you move)
Get out ya chair, get on the flo', what the hell y'all came here for?
(Bet I can make you move)
Get'cha ass up off the wall, to the party, we goin have a ball
(Bet I can make you move)
You ain't too pretty girl
(Move)
We know you hard nigga

(Move)
I see you jiggy with it
(Move)
We doin' some other shit
(Bet I can make you move)
You scared, you scared, you scared
(Bet I can make you move)
Aye, I'm back like this
Like crunk shit, you dismiss
Run around talking 'bout you hard
But you scared to even do this shit
(Move)
Snap your fingers nigga
(Move)
Throw your hair back
(Move)
Put cho clique up
(Move)
In the hood that's how we do
Go left to right
Ya boy be smoking, drinking all night
Everybody feeling right
Keep it crunk til' broad day light
(Move)
We got the party jumping
(Move)
So 4 A.M. we goin'
(Move)
Shake that ass, bitch
(Move)

Better that can make you move
I'm powered up
Smell like I'm showered up
Bitch chosen, that's what's up
When I leave here I'm gonna get what
This here will make you move
Shawty workin' in the swimming pool
DJ Unk, this is what I do
You know what
(Bet I can make you move)
Get out ya chair, get on the flo', what the hell y'all came here for?
(Bet I can make you move)
Get'cha ass up off the wall, to the party, we goin' have a ball
(Bet I can make you move)
You ain't too pretty girl
(Move)
We know you hard nigga
(Move)
I see you jiggy with it
(Move)
We doin' some other shit
(Bet I can make you move)
You scared, you scared, you scared
(Bet I can make you move)
