Baby Let Me Be Your Man

Brian McComas

I don't know much about love at all
And every time I think I do
I stumble and I fall
But still I know when you're here next to me
I feel things I never thought I'd feel
And I see things I never thought I'd see
So please give me your heart
Please give me your hand
And baby let me be your man
I know my little ways are so hard to explain
I guess being in love feels so good sometimes
It can even bring a little pain
But there's an open road before us now
It is narrow,it is straight
And it will lead us to love somehow
So please give me your heart
Please give me your hand
And baby let me be your man
Let me be your man
I want to be your man
Let me be your man
Baby let me be your man
