

# SUSPENDED HEAVEN

## The Freeze

Bled the hours  
Bent the dates  
Spent the years in a wasted state  
Had control  
Lost the time  
Stretched and used what was never mine

You've left me far behind  
In your eyes  
I'm just a sad reflection of what I was

Severed ties  
Followed sounds Suspended heaven underground  
Faces change  
Still you call  
Check to see how far I fall

You've left me far behind  
In your eyes  
I'm just a sad reflection of what I was  
Now I'm afraid to see what's in your eyes
