Walk In The Club

Kid Ink

[Hook x2]
I might walk in the club
Leave with the whole party
See the light in my eyes
We just getting it started
Had a lot on my mind
But, itÂ’s time to let it go
Right now, right now, right now
IÂ’m somebody

[Verse 1]
I might walk in a room
Take all the attention
Young bad motherfucker
Graduated from detention
Told you we wouldÂ’ve make it far
IÂ’mma Â’bout to push it to the limit
Throw my sign in the air
Like itÂ’s a picket in this bid

Shining like the sun roof
Down for whatever whenever
As if this drink or this medical
Got me spilling invisible
When the city a million
I swear these haters canÂ’t see me
I know for sure they gonÂ’ feel it
We going bottle through bottle
Sipping like itÂ’s the sunny
Whole table of models
Cans shaking pilates
They say the life that we live
AinÂ’t made for everybody
In a world to see you
With my girlfriend in a mali

[Hook x2]
I might walk in the club
Leave with the whole party

See the light in my eyes
We just getting it started
Had a lot on my mind
But, itÂ’s time to let it go
Right now, right now, right now
IÂ’m somebody

[Verse 2]
IÂ’mma step in, 20 on the guest list
No question, they know me up it up
On a regular confessions of a rock star
HeadinÂ’ to the bar,
Taking shots like an outlaw
WonÂ’t feel to the mouth
Damn, I might roll out,
Meet me in a valley
LetÂ’s take it back to the house
Party like we kid and play
The night has just begun
MoonÂ’s up, howl back
We been going hard ,
Show you who ainÂ’t really about that
Like a poor shot for Shaq
Only you canÂ’t repose it
We making the same
And I might be rolling
To grab Â’cause I just canÂ’t get enough
You better make sure your chickÂ’s tough
Â‘Cause we about to turn it up

[Hook x2]
I might walk in the club
Leave with the whole party
See the light in my eyes
We just getting it started
Had a lot on my mind
But, itÂ’s time to let it go
Right now, right now, right now
IÂ’m somebody

[Bridge]
I might walk in the club
Said I might walk in walk in
Said I might walk in , turn it up
Everybody in here gonna turn to us

So we about to get it poppinÂ’
Keep it going ainÂ’t no stopping

[Hook]
I might walk in the club
Leave with the whole party
See the light in my eyes
We just getting it started
Had a lot on my mind
But, itÂ’s time to let it go
Right now, right now, right now
IÂ’m somebody
