

# Running on a Treadmill

## Oingo Boingo

You've got me so I'm running round and round in circles  
You've got me so I can't see my own face  
You've got me so I feel like I've been like this forever  
You've got me so I'm crazy with disgrace I know what's on your mind  
But it's not what you think it is  
I know what's on your mind  
But it's not what you think it is I'm running on a treadmill after you  
And I'm running on a treadmill now  
I'm running on a treadmill after you  
And I'm running on a treadmill now You've got me so I'm running round and round in circles  
You've got me so I can't see my own face  
You've got me so I feel like I've been like this forever  
You've got me so I'm crazy with disgrace I know what's on your mind  
But it's not what you think it is  
I know what's on your mind  
But it's not what you think it is I'm running on a treadmill after you  
And I'm running on a treadmill now  
I'm running on a treadmill after you  
And I'm running on a treadmill now I'm running on a treadmill after you  
And I'm running on a treadmill now  
I'm running on a treadmill after you  
And I'm running on a treadmill now I'm running on a treadmill after you  
And I'm running on a treadmill now  
I'm running on a treadmill after you  
And I'm running on a treadmill now I'm running on a treadmill after you  
And I'm running on a treadmill now  
I'm running on a treadmill now  
I'm running on a treadmill now
