

# The End

## Mayday Parade

We tried to fight for what we thought we believed in  
Maybe it was all for nothing  
(I bet that it was all for nothing)  
So we drive, cause we like to be alone, there's nowhere for us to go, there's nowhere for us to go.  
How can you think, that any of this was easy?  
With all the friends I've lost along the way  
When this is over, we're all getting older now and we'll play a part in it  
Innocence is falling, can you hear them calling now?  
But I'll be by your side until the end.  
We tried to fight, I guess sometimes you find it's pointless  
As long as you can live with yourself.  
(Tell me how you live with yourself)

So it's time, we take the open road, there's nowhere for us to go, there's nowhere for us to go.  
How can you think, that any of this was easy?  
With all the friends I've lost along the way  
When this is over, we're all getting older now and we'll play a part in it  
Innocence is falling, can you hear them calling now?  
But I'll be by your side until the end.  
To all my friends, let's make this count, we're not alone, not alone  
How can you think, that any of this was easy?  
With all the friends I've lost along the way  
When this is over, we're all getting older now and we'll play a part in it  
Innocence is falling, can you hear them calling now?  
And I'll be by your side until the end.
