

# About a Bird

## Fantastic Negrito

There's a bird at my window  
She's watching it all  
She sells what I'm doing  
She's hoping I'll fall  
There's a bird in the bush  
And there's one in my hand  
Lay waste to her head It's a game to me  
I live dangerously  
I want it all  
But I cannot pay the bill Ohhh take a chance on me  
Because no one else will  
Ohhh please take a chance on me  
I tried to hide in the hole  
There's a hole in my head  
I broke clean her feathers  
Now she's sick in my bed  
There's a bird at my funeral  
She's singing out loud  
How the tears on her pillow  
Won't heal her scars It's a game to me  
I live dangerously  
I want it all  
But I cannot pay the bill Ohhh take a chance on me  
Because no one else will  
Ohhh take a chance on me  
First she wanted me  
Then she wanted me dead  
First she wanted me  
Then she wanted me dead  
First she wanted me  
Then she wanted me dead  
First she wanted me  
Then she wanted me dead  
Then she wanted me dead Solo Deep down I know I cannot go Ohhh take a chance on me  
Can you please baby  
Ohhh take a chance on me  
Because nobody, nobody, I tell you mama  
Ohhh take a chance on me  
I'm good baby, I'm good, take a chance on me  
Ohhh take a chance on me
