

Yours

McBride & The Ride

So many things in this life we strive for
things we try for, live and die for
yeah we all have
those mountains we need to climb

some want money
some want fame
some don't even play the game
as for me I'm holdin on to just one dream of mine

(i wanna be yours)
to always turn to
(yours)
i wanna be there for you
your love will be, all that I'm living for
(yours)
for worse or for better
(yours)
through this life together
all i wanna be for now and forever more
is yours

each of us is meant for someone
close as I've come no one has done
what you do, just holdin me
i know your all I'll ever need

some want money
some want fame
some don't even play the game
as for me I'm holdin on to just one dream of mine

(i wanna be yours)
to always turn to
(yours)
i wanna be there for you
your love will be, all that I'm living for
(yours)
for worse or for better
(yours)

through this life together
all i wanna be for now and forever more
is yours

(yours)
for worse or for better
(yours)
through this life together
all i wanna be for now and forever more
is yours
