Give You More

Lacrosse

And i try to kiss you goodbye
like it's the last time every time
and i try to find new ways
to say that i love you
we're tired from working full-time
????????
and i am tired from worrying too much
and worrying might be bad for us soI wanna give you so much more x2
but i got nothing more to give
no, i got nothing more to giveYou and I we make smart decisions
but mostly really really dumb
and we try to find new ways to stay in love
no matter what we feel can be confusing
but most of time it's really not
and I am tired of half-full glasses
but half-full glasses is all we gotI wanna give you so much more x2
but i got nothing more to give x2There's nothing left x12I wanna give you so much more x2
but i got nothing more to give
no, i got nothing more to give
