

# Come Back

## Luther Vandross

My heart and soul  
And body too  
Keep missin' you  
What am I to do  
The day's so long  
And the night's so rough  
;Cause it seems like I  
Can't forget your love  
It feels just like  
I'm gonna fall apart  
And I don't know how  
I can make it now ...soCome back  
You've been gone too long  
You're on my mind  
And it's hard to carry on  
Come back  
You've been away too long  
My heart is weak  
From being strongI thought my sad face  
Would make you stay  
And it took me out  
When you left that day  
I sit and stare  
But no one's there  
In the room outside  
That we used to share  
When you're not here  
It's a quiet place  
It's a lonely house  
Just an empty space ...you gottaCome back  
You've been gone too long  
You're all I need  
And it's hard to carry on  
Come back  
You been away too long  
My heart is weak  
From being strong  
Come back  
You've been gone so long

I love you so  
And I betcha I can show you  
Come back  
I got a love so strong  
I'm missin' you, my baby  
Ooh
